

Proposed Amendments to the Claims:

Applicant submits this listing of proposed claims for replacing all prior versions and listings of claims in the application upon consideration and acceptance by the Examiner.

Listing of Claims:

Claims 8-12 previously canceled.

13. (Amended) A handle for a body board, comprising:
- a post configured to pass through a body board and connect to an anchor;
 - a strap configured to attach to the post, the strap having a first end and a second end;
 - a handle structure configured to receive the first end of the strap; and
 - a buckle configured to receive the first end of the strap and the second end of the strap such that the strap forms a loop when the first end of the strap and the second end of the strap are attached to the buckle, the loop having an upper side received by the handle structure and a lower side attached to the post and forming an opening between the upper side and the lower side configured for receiving a hand,
- wherein the handle structure is configured to press athe hand against the post when the strap is tightened through the buckle.

14. (Previously Added) The handle of claim 13, further comprising a second post configured to pass through the body board and attach to an anchor.

15. (Previously Added) The handle of the claim 13, wherein the strap forms an elongated loop when the first end of the strap and the second end of the strap are attached to the buckle.
